

Postdoctoral Fellow in Structural Biology

The Caffrey laboratory at the University of Illinois at Chicago has an immediate opening for a NIH funded Postdoctoral Fellow to join our team of researchers that are developing influenza antivirals (<https://www.life-science-alliance.org/content/3/8/e202000724/tab-article-info>) . Experience in biochemistry, X-ray crystallography, NMR and/or electron microscopy is desirable.

Minimum Qualifications:

Must have a PhD/Doctorate Degree in chemistry, biochemistry, biomedical engineering, or other related biomedical science field.

Applications should be sent to:
